Smoothing Skin

For beautiful skin, try new TNS Essential Serum™—available at Graper Cosmetic Surgery—one of only 10 select locations in the Carolinas. This unique patented formula combines the original growth factor available in TNS Recovery Complex® and APS Corrective Complex™—the most potent combination of antioxidants, peptides and specialty ingredients on the market. Your skin will receive a full saturation of non-irritating treatment agents, leaving it silky smooth, with an elegant feel. TNS Essential Serum™ regenerates and stimulates the skin with no harsh after-effects—perfect for nights on the town! This remarkable treatment combines three products into one for busy holiday schedules, and daily use will help smooth and tighten the skin. Graper Cosmetic Surgery, 704.375.7111, grapercosmeticsurgery.com.

Elegant Eyes

Samantha Smith, new owner of Potion, offers these tips. The look for fall and winter is all about dramatic eyes in metallic hues, as seen on our cover. Pair a deep, rich burgundy lip with a sheer plum on the cheeks for the perfect polished look. A celebrity favorite, Becca Cosmetics offers an array of multi-tasking products that can take your look from day to night with layering super sheer shades in velvety soft textures. Line + Illuminate pencils have a cream to powder shadow on one end and a liner on the other and come in five different opulent shades. Becca Crème Blush, always on the “best of” list for any fashionista, provides a wash of color that can be layered for a more dramatic look. These luxe crèmes can be used on cheeks and lips. Just swipe a gloss over the top for a finished look.

Becca Line + Illuminate Pencil \$23.00, Becca Crème Blush \$30.00 Available at Potion, Charlotte and Huntersville.
