Micropigmentation

Permanent liner for eyelids and brows helps give back what time has taken away and saves you precious time you normally spend "putting on your face". You can save countless hours in a single year that were formerly spent struggling to draw eyebrows evenly or eyeliner half-way straight . . . that's a lot of extra free time!

Learn how you can freshen up your look!

Dr. Graper's next comprehensive seminar, offering information about safe, proven, cosmetic surgery procedures for women and men, will be held in our fully accredited facility. New technology for face, body and skin treatments will be discussed. Seating is limited so please make your reservation by calling our office at 704.375.7111.

Upcoming In-Office Seminars:

Thursday March 6, 6:00 pm

Thursday May 15, 6:00 pm
